

## Description

Join Our Thriving Specialty and Emergency Veterinary Team on Florida's Beautiful Coastline!

Multiple Locations – Daytona Beach | Orange Park | Jacksonville (Coming Soon!)

Allied Veterinary Specialists (AVS) is expanding, and we're on the lookout for passionate, skilled Board Certified or Residency trained Specialists to join our dynamic and growing team! With locations in Daytona Beach, Orange Park, and our upcoming state-of-the-art facility in Jacksonville, AVS is proud to serve the North Florida and South Georgia communities with over 16 years of exceptional care and trust.

What We're All About:

AVS is a privately owned, twenty-four-hour emergency and specialty hospital, known for our fun, collaborative, and energetic team culture. We pride ourselves on providing top-tier patient care, compassionate client service, and outstanding support to our referring veterinarians—more than 400 of them across the region!

Whether you're treating a critical case, mentoring a team member, or collaborating with our board-certified critical care specialist, surgeons, or anesthesiologists, you'll be part of an environment that values professional excellence and work-life balance.

What You Can Expect:

Supportive, experienced leadership that values your input

A team of talented and positive technicians and doctors who work together seamlessly

Regular community involvement through CE events and lunch-and-learns with our referring partners

A hospital culture that fosters growth, learning, and camaraderie

About Our Hospitals:

AVS Daytona Beach – A recently renovated 12,000 sq ft facility featuring digital radiology, color-flow Doppler ultrasound, telemetry, CT, flexible and rigid endoscopy, oxygen cages, full in-house lab, and off-site MRI

AVS Orange Park – A thriving 24/7 hospital located on the westside of Jacksonville with a strong emergency and surgery team

AVS Jacksonville – Opening Spring 2026! Our newest, state-of-the-art sixteen thousand square foot twenty-four-hour emergency and specialty center is designed with innovation and excellence in mind
