

**Iowa State University College of Veterinary Medicine
Clinical or Tenure Track – Assistant/Associate/Full Professor Small Animal
Emergency and Critical Care Medicine
R20140**

The College of Veterinary Medicine at Iowa State University (ISU), located in Ames, Iowa, is seeking qualified applicants for a full-time, clinical or tenure track faculty appointment in the area of Small Animal Emergency and Critical Care Medicine in the Department of Veterinary Clinical Sciences (VCS) at the Lloyd Veterinary Medical Center (LVMC). The LVMC is a state-of-the-art teaching hospital providing specialized care for companion and large animals throughout Iowa and surrounding states. The candidate will join a department with over 50 diverse faculty and staff members, allied in teaching, research, and clinical efforts relevant to companion animals, equids, and other large animals.

The successful candidate will provide clinical service and teaching at the Lloyd Veterinary Medical Center (LVMC). The primary focus for all aspects of the position will be on veterinary emergency and critical care for patients in the Hixson-Lied Small Animal Hospital. Clinical duties may include weekend and after-hours obligations which are divided among all ECC faculty. Supervision and instruction of interns and residents, instruction of clinical-year students, and primary case supervision is expected, in addition to participation in and contribution to weekly resident boards review and journal clubs. The successful candidate will also have a collegial, collaborative attitude and willingness to participate in all levels of technician, student, and house officer education. Remaining effort may include participation in research, scholarship, and traditional didactic and laboratory teaching.

The successful candidate will join a program currently supported by four small animal ACVECC diplomates, six residents, one ECC specialty intern, nine rotating interns, and three large animal ACVECC diplomates as well as registered veterinary technicians: including two VTS-ECC. Centered in the State of Iowa, just 30 minutes from the capital, Des Moines, the LVMC serves a large geographic region (Iowa and surrounding states), providing a diverse and challenging caseload that allows the ECC service to practice cutting edge medicine. The successful candidate will share oversight of the ICU, Critical Care Service and the Emergency Service with the other ECC faculty members. The 43-cage ICU is currently managed in an open style with all services providing primary care, utilizing a collaborative approach to maximize case management. The 24/7 Emergency Service sees approximately 5,000 cases/year, including first opinion cases as well as referrals. The LVMC is AAHA accredited, a VetCOT Level 2 trauma center and a Level I VECCS certified facility.
